Pathway 'C'

Temporary specialist registration route

1. Temporary specialist registration in the Medical Specialist Register may be offered for visiting doctors and doctors brought in under various healthcare undertakings.
2. Such registration will be at the discretion of the Council and the required qualifications will be similar to those outlined at Pathways 'A & B' above and recognized by the ACTT.
3. This category of registration will be subject to the immigration requirements of Trinidad and Tobago and will be for a period not exceeding 1 year at a time.
4. Doctors registered under this Pathway will not be allowed independent practice unless special dispensation is granted by the Council and this will be in circumstances where an absolute need exists for the service they can provide, such need arising due to a deficiency of specialists registered and practicing within their field.
